

WHISKY AGENT'S REQUEST DENIED

Adverse Opinion by the City Solicitor Sent to Commissioners.

APPLIES TO DRUG STORES

Certain Brands Prepared for Medicinal Use Cannot Be Sold Except in Accordance With Governing Laws in Force.

The District Commissioners recently received from Mr. R. B. Brown, representing an establishment selling medicinal whisky, a request to permit the sale of this particular liquor by druggists for medicinal use only, making the druggists accountable if it be sold as a beverage. It appears that the present laws allow druggists to sell whisky only upon prescription, and only once upon each prescription. Mr. Brown desired that the druggists should be allowed to sell the whisky represented by him in original packages for medicinal use.

An Adverse Report.

The Commissioners referred the matter to the City Solicitor, who has returned the application with an adverse opinion. He says:

"It is not disputed that this is an intoxicating liquor; and that it is or may be used and sold as a beverage. I am of the opinion that it is an intoxicating liquor within the meaning of the act of Congress regulating the sale of intoxicating liquors in the District of Columbia, approved March 3, 1893. This act by its section 11 exempts druggists and apothecaries from the requirement of obtaining a license thereunder, but it subjects them to its penalties if they sell intoxicating liquors, or compound or mix any composition thereof, except upon the written prescription of a reputable physician; and I am of the opinion that the druggists would be liable to the penalties provided by the act if they sell this article otherwise than on such prescription.

MINOR MUNICIPAL MATTERS OF INTEREST

The Assessor has recommended, and the Commissioners have voted, to approve the application of Mr. L. S. Fristoe for the refund of a duplicate payment of the second half tax for 1902 on property assessed in the name of George S. Cooper.

Mr. A. H. Gregory, secretary of the Retail Grocers' Association, has written to the Commissioners requesting the Board to draft a bill providing for the closing of all grocery and provision stores in the District on Sunday.

The Commissioners have approved a recommendation of the Assessor and the Collector of Taxes to allow a refund of the amounts paid on special assessment for improvements against lot 4, block 6, Wesley Heights, for the years 1896, 1899, and 1900.

The Commissioners have directed that a permit be issued to the Chesapeake and Potomac Telephone Company to string ten wires across Carroll Avenue, Takoma Park, between poles 189 and 190, and to string an aerial cable from pole 190, across Carroll Avenue to the proposed new exchange of the company.

The Commissioners have approved a favorable report of the Collector of Taxes on the application of Mr. Floyd E. Davis, who requested that a duplicate payment of the second half tax of 1902 on property in the name of Gerofe W. Hall be refunded.

The Commissioners have approved a motion of Captain Newcomer, Acting Engineer Commissioner, to request Mr. Charles W. Darr to submit to them in writing such arguments relating to the occupancy of the sidewalk space by his client, Mr. J. G. Sinclair, as he may desire, the time of the Commissioners being too much employed with other matters to grant a hearing on the case.

The application of Mr. J. Wimer for the refund of a duplicate payment of the second half tax for 1902 on property on Connecticut Avenue Heights in the name of E. J. Stollwagen, has been favorably acted upon by the Commissioners on recommendation from the Assessor and Collector of Taxes.

The Commissioners a few days ago received from Mr. B. H. Warner a request that they have the street lamp recently removed from the southwest corner of Fifteenth and L Streets northwest replaced in its former position. A report on the matter from the Electric Department states that the removal of the lamp was made necessary in order to make room for the erection of the proposed fire alarm post to be erected on the corner first named.

The Commissioners have authorized the retirement of Private J. A. McDonald on a pension of \$40 a month, he being incapacitated from further duty owing to illness contracted in the line of duty. It appears from the statement of the surgeons that Private McDonald is suffering with consumption, and that he will be obliged to leave this climate in order to benefit himself.

New Train and New Schedule. Chesapeake and Ohio Railway.

SUIT AGAINST A RAILWAY.

Edward Williams Claims Damages for Alleged Personal Injury.

Edward Williams, a minor, yesterday through his counsel, Walter P. Plumley, filed suit against the Washington Railway and Electric Company to recover \$10,000 claimed as damages for personal injuries.

It is explained that on June 6, the plaintiff was injured by being knocked down by one of the defendant's cars, at the corner of East Capitol and Fourteenth Streets. As a result of the accident, it is stated that Williams' left thigh was broken and he otherwise injured.

MULCTED A FARMER.

"Red Martin" Bought Ticket and Made by the Transaction.

Daniel Lewis, colored, charged with petty larceny, was fined \$10 in the Police Court yesterday. Lewis is also known as "Red Martin." It is said he was given \$5 by William Foutz, a Virginia farmer, to get him a railroad ticket to his home, and that Lewis mulcted him out of \$3.50 in the transaction. It is further stated that Lewis is one of a gang who looted about the depots and practice such tricks on unsophisticated strangers.

CITIZENS WANT ACTION ON UNION STATION BILL

Many Letters Received By District Commissioners.

Local Officials Working Hard and Hoping That Efforts Will Succeed.

Some of the residents of the city are writing to the District Commissioners urging them to exercise such efforts as they are able to make in the way of securing favorable action by Congress upon the union station bill. There is a mild feeling of alarm over the prospect that the proposed legislation may fail, and public-spirited men feel that such a result would be a matter to be deplored. Mr. W. McK. Clayton, president of the Brightwood Park Citizens' Association, has written to the Commissioners upon the subject, as follows:

"Every lover of beauty and every citizen of the National Capital is praying for the clearance of the Mall and the building of the Union Station. Differences of opinion may exist as to the exact site or over minor details, but all stand for these two great ends. This constituency look to the Commissioners to do all in their power to prevent failure or miscarriage in this plan to lift the city up and to place it where it deserves to stand, in the front rank of twentieth century capitals."

In reply to this letter the Commissioners yesterday sent the following: "We have your favor in regard to the railway terminals, and in reply we beg leave to say that the Commissioners have done and are doing everything in their power to accomplish the ends you mention in your letter. They have endeavored in every way to advance the project for eliminating the grade-crossings, removing the Pennsylvania Railway from the Mall, and providing a union station. We are hopeful that these efforts will succeed."

COMMISSIONERS OPPOSE LAYING OF WATER MAINS

Adverse Report on Senate Bill to Favor Takoma Spring Water Company.

The District Commissioners have sent to the Senate District Committee a report recommending action on Senate joint resolution No. 194, "Authorizing the Takoma Spring Water Company to lay pipes in certain streets," which was referred to them for their report.

"It would be contrary to the present law," say the Commissioners, "to precedent, and, in the judgment of the Commissioners, to good public policy, to grant the use of the public highways in the District of Columbia for the purposes of laying water pipes by private enterprises for private profit, as is contemplated by the proposed legislation."

SAID TO BE SLAVE TO DRINK.

McIntosh Alleged to Have Sold His Shoes for Whisky Money.

James McIntosh was sent to the workhouse by Judge Scott yesterday to serve six months for vagrancy. He is about twenty-five years of age.

A policeman declared McIntosh was an habitual drunkard, who hadn't seen a half dozen sober days in a year. He was such a slave to whisky, the policeman said, that he had been known to sell his shoes for drink money.

Accused of Kicking a Woman.

The police of the Fourth precinct are endeavoring to locate William McGee, a negro, who is wanted for having seriously injured Clara Diggs, a colored woman, living at 353 Willow Tree Alley southwest. The man and woman, it is said, were quarrelling yesterday when the man kicked her. She is now in the hospital receiving medical treatment.

Killed Dog With a Baseball Bat.

While standing in front of 1230 Sixth Street northwest about 9 o'clock yesterday morning, Charles Molere was attacked by a vicious dog. After a fierce struggle, during which he was bitten severely on the arm, Molere killed the animal with a baseball bat.

BUILDING TRADES COUNCIL.

Much Business Transacted at the Meeting Last Night.

The Building Trades Council held its weekly business meeting at Council Hall, Four-and-a-Half Street and Pennsylvania Avenue northwest, last evening. Many matters of importance were discussed. The council is considering the advisability of inviting certain bodies affiliated with other organizations to join the ranks of the Building Trades Council.

At one time the Building Trades Council had fifteen or sixteen labor societies affiliated with it, which have dropped out from time to time. It is these organizations the council thinks it will be advisable to invite to reaffiliate.

The matter will again be brought to the attention of the council at its next meeting.

STRUCK BY A TRAIN.

Young Man Now at the Hospital in a Precarious Condition.

While walking on the railroad tracks near Deanwood early yesterday morning John Stall, twenty years of age, living at 208 Johnson Street northeast, was struck by an outgoing train and perhaps fatally injured.

Several railroad men who witnessed the accident ran to the young man's assistance, and he was placed aboard a train and brought to this city. Upon arrival here he was taken to the Emergency Hospital. His condition is said to be critical.

BOISTEROUS ON STREET CAR.

Woman and Escort Made Trouble Returning From Chesapeake Junction.

Catharine Ehrbar and her escort, Jacob Pilech, went out for a car ride, and eventually landed at Chesapeake Junction. The atmosphere of the resort apparently affected them, for on the way back they became so boisterous on a street car that they were arrested and locked up.

They were fined \$10 each by Judge Scott in Police Court yesterday, and in default they will go to the workhouse to serve thirty days.

Catharine Ehrbar is a comely woman about twenty-three years of age. Pilech is about thirty.

Cyclist Run Over and Hurt.

While riding a bicycle on L Street, near the corner of Twentieth Street, northwest, about 11 o'clock yesterday morning, William Kink, a fourteen-year-old boy, was run over by a wagon of the Connecticut Pipe Company and painfully injured about the body.

Will Appeal Case.

Gerald H. Dupont was yesterday fined \$25 by Judge Scott in the Police Court for carrying garbage through the streets in violation of the police regulations. Robinson White, counsel for the defendant, gave notice that the case would be carried to the Court of Appeals.

JOHN F. COSTELLO COMMITTED TO JAIL

Writ of Habeas Corpus Denied.

Matter to Come Up for Settlement by Jury Tomorrow Morning.

John F. Costello was yesterday committed to jail by order of Chief Justice Bingham of the Supreme Court of the District.

Some time ago the Bokel-Gwynne McKenny Company of Baltimore obtained a judgment against Mr. Costello for about \$103. It was claimed that he conveyed away his property to defeat the execution of the judgment. He was then arrested under an old statute for debt.

Through his counsel he filed a petition for a writ of habeas corpus with a view of securing his release from custody. United States Marshal Audley Palmer was made respondent in the litigation and was directed to produce the person of Mr. Costello in court.

Habeas Corpus Denied.

When the matter came to a hearing, Chief Justice Bingham denied the writ and refused to order Mr. Costello's release from custody.

An appeal was taken to the Court of Appeals for the District and Mr. Costello was released on bond pending the result of his appeal. Some weeks ago the Court of Appeals affirmed the decision of Chief Justice Bingham in the matter.

The mandate of the upper court was sent down Saturday and the Marshal yesterday again took Mr. Costello into custody.

Filed Another Petition.

Mr. Costello immediately filed another petition for habeas corpus and the matter came on for hearing yesterday afternoon before Chief Justice Bingham.

The purpose of the petition filed is to have issues framed and have the matter decided by a jury.

The principal question to be determined is whether or not Mr. Costello parted with his property to avoid the judgment secured against him by the Bokel Company. The matter will come up for trial before a jury on Thursday morning, in Criminal Court No. 2, Chief Justice Bingham presiding.

The regular panel of jurors for Criminal Court No. 2, which was respite a week ago, will be summoned to report tomorrow at 10 a. m.
